Cllr Crane's report

The new Link facility was opened in Dereham at Breckland business centre. This facility is a help hub for residents to access services in one building where they only need to tell their story once. It is a one stop shop for support and early intervention. It has been created in partnership with Breckland Council and Norfolk and Waveney MIND. The partners include Citizens Advice, Community Housing Officers, Department for Work and Pensions, Boost Skills Programme, Nova Training and NHS Talking Therapies. Further partners may be added as 'The Link' evolves.

The budget came to cabinet on Monday 6th January, after it had been to Overview and Scrutiny and it will now go to full council.

You may be aware that due to the new housing figures handed to us by the government, Breckland has lost its 5 year housing land supply. We are going to have to look again at where housing is going to go as the rise is significant.

Devolution and LGR is going ahead at pace and NCC members voted in favour. The leader of NCC will now write to the Secretary of State asking for the postponement of County elections in May in readiness for the election of a Mayor in 2026.

Round 4 of Inspiring Communities is open and applications can be made on the Norfolk Community Foundation website.

The household support fund is open until March and any resident in need can get in contact with me for a referral.

Due to the frozen ground the planting of the orchard could not take place on the 11th and a new date has been set for Saturday 25th January. The trees have been delivered and are currently with Ed Buscall.
